International Counseling - Roy Moodley 2015-05-14 In this book, designed to increase mental health professionals’ global literacy, authors from 33 countries demonstrate multicultural skills and competencies through case studies that illustrate approaches to counseling and psychotherapy in their countries. Following an introductory section on the use of case studies, chapters focus on a cross section of countries in Africa; Australia and Asia; Central, North, and South America; Europe; and the Middle East. Each case describes the client and his or her presenting concerns and includes a culture-sensitive assessment and treatment plan, an analysis and critical reflection of the case, and questions for discussion. The final chapter of the text presents a comparative analysis of the cases. *Requests for digital versions from the ACA can be found on wiley.com. *To request print copies, please visit the ACA website here. *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org.

Child and Adolescent Counseling Case Studies - Dr. Brenda Jones, PhD 2016-12-28 Includes highly effective creative and expressive interventions This state-of-the-art collection of 30 real-life cases on counseling children and adolescents emphasizes the developmental, relational, and cultural contexts of working with this population, and incorporates innovative techniques across a wide range of approaches. Intended as a companion to child and adolescent counseling texts, it offers counselors-in-training examples of hands-on, concrete, and workable applications that provide opportunities for skill and theory development. These case studies are distinguished by their emphasis on the critical impact of such systematic contexts as family, peers, and school, along with developmental and cultural contexts. The inclusion of creative and expressive interventions—often the most effective strategies in working with this population—make this an outstanding educational resource. The case studies—representing an esteemed variety of contributing authors—address such ubiquitous themes as abuse, anxiety, giftedness, disability, body image, substance abuse, social media, grief, bullying, changing families, military families, incarcerated family members, race and ethnicity, and sexual identity and orientation. Each case follows a consistent format, comprised of a description of the young person’s presenting issues, a conceptualization of these issues, a description of the counseling process, an outline of desired outcomes, and a detailed discussion that includes systemic contexts, developmental and relational considerations, multicultural perspectives, and options for use of creative interventions. Key Features: Delivers a wide variety of cases covering contemporary issues prevalent among children and adolescents Emphasizes developmental, systematic, and contextual impacts including family, school, peer, and cultural influences Includes such treatment approaches as brief, solution-focused, CBT, reality/choice, narrative, and relational/cultural Includes options for creative interventions with each case and time efficient methods when applicable.

Multicultural Encounters - Stephen Murphy-Shigematsu 2002 Counsellors and other mental health professionals are increasingly encountering clients who differ from them in terms of race, culture, and ethnicity. Unfortunately many have not been trained to understand how powerfully culture affects our view of the world. The series on Multicultural Foundations of Counseling and Psychology is an invaluable new resource from Teachers College Press that focuses on multicultural issues in counseling and psychology. The books in this series chart the development of this evolving new field and will help educators, psychologists, counselors, social workers, and other mental health professionals learn to balance culture-universal and culture specific approaches to treat a diverse population. This volume uses fascinating therapeutic encounters to help clinicians understand and respond to the needs of their increasingly diverse clientele. Murphy-Shigematsu urges clinicians to look beyond their assumptions and stereotypes to learn their clients' cultures through eliciting key narratives. Keeping the client and therapist center stage, the author shows the complex
ways in which their cultural self-narratives interact.

**Case Studies in Psychotherapy**-Danny Wedding 2013-04-05 Using compelling contemporary and classic cases, CASE STUDIES IN PSYCHOTHERAPY brings to life essential concepts and practices in psychotherapy. The Seventh Edition of this popular casebook features intriguing new cases added to illustrate Psychoanalysis, Client-Centered Therapy, Existential Therapy, Interpersonal Therapy, Contemplative Therapies, and Therapy in a Multicultural context. There’s also an entirely new chapter on Positive Psychotherapy. The book maintains its parallel structure with the Tenth Edition of Wedding and Corsini's CURRENT PSYCHOTHERAPIES, providing you with the most comprehensive look at psychotherapy available today. All of these insightful cases are chosen for intrinsic interest, clarity of presentation, and the ability to most effectively demonstrate the basic techniques and methods of the theory being illustrated. **International Case Studies in Mental Health**-Senel Poyrazli 2012-04-30 Senel Poyrazli’s and Chalmer Thompson's International Case Studies in Mental Health presents a variety of global cases from both developed and developing countries, detailing descriptions of the people who are seeking help to eliminate their distress and of the exceptional practitioners who provide the help. In most of the cases, the practitioner is someone who shares a similar heritage with her or his help-seeker, and who is influenced at least partly by Western psychotherapy traditions. Each chapter also is a showcase of how scholars pair up with mental health practitioners to create a work that weaves together contextual and individual qualities to inform an understanding of the help-seeker and the intervention. This book aims to help prepare both mental health trainees and practicing professionals to be effective in the provision of healing in their work with people in different regions of the world. Consequently, the authors hope to offer practitioners a glimpse of what can be achieved in these regions by people whose reputations within the respective communities are strong.

**Multicultural Counseling Applications for Improved Mental Healthcare Services**-Jegathesan, Anasuya Jegathevi 2018-10-12 The availability of practical applications, techniques, and case studies by international therapists is limited despite expansions to the fields of clinical psychology and counseling. As dialogues surrounding mental health grow in the East, it is important to maintain therapeutic modalities that ensure the highest level of patient-centered rehabilitation and care are met across global networks. Multicultural Counseling Applications for Improved Mental Healthcare Services is an essential reference source that discusses techniques in addressing different religions and cultures in counseling and therapy. The research in this publication provides a platform and a voice for Eastern therapists to contribute to the body of knowledge and build a more robust therapeutic framework for practitioners worldwide. Featuring topics such as psychotherapy, refugee counseling, and women empowerment, this book is ideally designed for mental health professionals, counselors, therapists, clinical psychologists, sociologists, social workers, researchers, students, and social science academicians seeking coverage on significant advances in therapy, as well as the skills, challenges, and abilities that practitioners facing diverse populations must manage on a daily basis.

**Multicultural Counseling Competencies**-Derald Wing Sue 1998-02-12 This book will provide practitioners, researchers and counsellor trainers with the knowledge they need to influence more competent therapeutic practice with a diverse clientele. It is a companion volume to Volume 7 in the Multicultural Aspects of Counseling series.

**Multicultural Issues in Counseling**-Courtland C. Lee 1991 This book was written to provide counseling and human development professionals with

Multicultural Counseling and Psychotherapy-Leroy G. Baruth
2016-01-22 Multicultural Counseling and Psychotherapy, 6th ed, offers counseling students and professionals a distinctive lifespan approach that emphasizes the importance of social justice and diversity in mental health practice. Chapters include case studies, reflection questions, and examinations of current issues in the field. Each chapter also discusses the ways in which a broad range of factors—including sexuality, race, gender identity, and socioeconomic conditions—affect clients’ mental health, and gives students the information they need to best serve clients from diverse backgrounds.

Strategies for Building Multicultural Competence in Mental Health and Educational Settings-Madonna G. Constantine 2005-03-18 "A must-read book for all mental health professionals wanting to keep up with today's most important clients...practical, concrete, hands-on details from firsthand experts on ethnic populations." --Richard Suinn, PhD, Colorado State University, Past president(1999), American Psychological Association The rich mosaic of racial and ethnic diversity defines our society now more than ever. For students and professional psychologists, this translates into a critical need to address a range of cultural diversity issues, as well as potential biases. Recently, the American Psychological Association (APA) recognized the importance of cultural competence for psychologists through its adoption of its Multicultural Guidelines. Applying those guidelines to real-world practice is both complex and challenging. Only one text brings it all into sharp focus: Strategies for Building Multicultural Competence in Mental Health and Educational Settings. Edited and written by renowned multicultural experts, this informative guide is full of concrete strategies and case examples, all geared toward achieving the goal of culturally competent practice. Chapter by chapter, it uses a variety of practice modalities in various settings to help all mental health professionals increase their familiarity and compliance with the APA Multicultural Guidelines. Beginning with a useful summary of the APA guidelines, Strategies for Building Multicultural Competence in Mental Health and Educational Settings covers the guidelines' relevance to: * Individual and group counseling * Couples and family counseling * Career counseling with people of color * Independent practice settings * Multicultural consultations and organizational change * Academic mental health training settings * Clinical and hospital settings * College counseling center settings

Dimensions of Multicultural Counseling-Sara E. Schwarzbaum

case-studies-in-multicultural-counseling-and-therapy
This collection of life stories offers compelling narratives by individuals from different races, ethnic groups, religions, sexual orientations, and social classes. By weaving these engaging stories with relevant theoretical topics, this unique textbook provides deeper levels of understanding on how cultural factors influence identity, personality, worldview, and mental health. An Instructor's Resource CD with supplemental materials for each chapter and a helpful internet study site at http://www.sagepub.com/dimensionsofmulticulturalcounselingstudy/ including podcasts and videos offer further opportunities that examine and apply this mosaic of rich subject matter.

**Social Justice, Multicultural Counseling, and Practice** - Heesoon Jun 2010 This book takes a new approach to teaching students to think and learn about issues of race and diversity. It aims to break down the traditional categorizations of racial/ethnic groupings and focuses on teaching students to think and learn in a multidimensional manner, rather than in a linear fashion. The key to the book lies in its aim to teach students to practise culturally competent counselling by taking into consideration a client's multiple identities, such as a middle-aged, African American woman, who might be facing issues due to her racial grouping, her age and her gender. The book is filled with activities, exercises and examples that help students think about racism in a non-traditional manner, rather than the typical ways often taught, making it very timely and reflecting the transformation of thinking that is occurring in the field.

**Case Studies in Couples Therapy** - David K. Carson 2013-06-19 This up-to-date, highly readable, theory-based, and application-oriented book fills a crucial void in literature on couple therapy. Few books in the couple therapy market bridge the gap between theory and practice; texts tend to lean in one direction or the other, either emphasizing theory and research with little practical application, or taking a cookbook approach that describes specific techniques and interventions that are divorced from any conceptual or theoretical base. However, couples therapy requires a high degree of abstract/conceptual thinking, as well as ingenuity, inventiveness and skill on the part of the therapist. Case Studies in Couples Therapy blends the best of all worlds: clinical applications with challenging and diverse couples that have been derived from the most influential theories and models in couples and family therapy, all written by highly experienced and respected voices in the field. In Case Studies in Couples Therapy, readers will grasp the essentials of major theories and approaches in a few pages and then see how concepts and principles are applied in the work of well-known clinicians. The case studies incorporate a wide variety of couples from diverse backgrounds in a number of different life situations. It is simultaneously narrow (including specific processes and interventions applied with real clients) and broad (clearly outlining a broad array of theories and concepts) in scope, and the interventions in it are directly linked to theoretical perspectives in a clear and systematic way. Students and clinicians alike will find the theoretical overview sections of each chapter clear and easy to follow, and each chapter's thorough descriptions of effective, practical interventions will give readers a strong sense of the connections between theory and practice.

**Rethinking Multicultural Education** - Carol Korn-Bursztyn 2002 Korn and Bursztyn and their contributors examine the cultural transitions that children make as they move between home and school. Case studies present instances of how diversity engages us in renegotiating the personal and social. In illuminating the complicated nature of cultural transitions, they highlight how multiculturalism can play a transformative role in the lives of children and schools.

**Career Theory and Practice** - Jane L. Swanson 2014-07-11 Unique in the way it links five major career development and choice theories to a fictional case client, this user-friendly text is ideal for counselors engaged in helping clients make wise career choices. Thoroughly updated, the Third Edition of Career Theory and Practice takes a multicultural approach as it blends theory, practical examples, and specific cases, helping readers apply a wide range of career development theories to counseling clients.

**Counseling Latinos and la Familia** - Azara L Santiago-Rivera 2002 Counseling Latinos and la familia provides an integrated approach to
understanding Latino families and increasing competency for counselors and other mental health professionals who work with Latinos and their families. It provides essential background information about the Latino population and the family unit, which is so central to Latino culture, including the diversity of various Spanish-speaking groups, socio-political issues, and changing family forms. The book also includes practical counseling strategies, focusing on the multicultural competencies approach.

Case Studies on Diversity and Social Justice Education - Paul C. Gorski 2018-02-21 Case Studies on Diversity and Social Justice Education offers pre- and in-service educators an opportunity to analyze and reflect upon a variety of realistic case studies related to educational equity and social justice. The accessibly written cases allow educators to practice the process of considering a range of contextual factors, checking their own biases, and making immediate- and longer-term decisions about how to create and sustain equitable learning environments for all students. This revised edition adds ten new cases to offer greater coverage of elementary education, as well as topics such as body-shaming, Black Lives Matter, and transgender oppression. Existing cases have been updated to reflect new societal contexts, and streamlined for ease-of-use. The book begins with a seven-point process for examining case studies. Largely lacking from existing case study collections, this framework guides readers through the process of identifying, examining, reflecting on, and taking concrete steps to resolve challenges related to diversity and equity in schools. The cases themselves present everyday examples of the ways in which racism, sexism, homophobia and heterosexism, class inequities, language bias, religious-based oppression, and other equity and diversity concerns affect students, teachers, families, and other members of our school communities. They involve classroom issues that are relevant to all grade levels and content areas, allowing significant flexibility in how and with whom they are used. Although organized topically, the intersections of these issues are stressed throughout the cases, reflecting the complexities of real-life scenarios. All cases conclude with a series of questions to guide discussion and a section of facilitator notes, called ‘Points for Consideration.’ This unique feature provides valuable insight for understanding the complexities of each case.

Introduction to Multicultural Counseling for Helping Professionals - Graciela L. Orozco 2014-01-03 Introduction to Multicultural Counseling for Helping Professionals is the essential introductory text in the area of multicultural counseling. Providing a broad survey of counseling techniques for different ethnic, religious and social groups, it is at once thorough and easily understood. Beyond its topic-specific sections, Introduction to Multicultural Counseling for Helping Professionals also includes chapters on the theory and history of multicultural counseling, expanded cultural resources, and an appendix explaining its interrelationship with CACREP accreditation requirements. Now in its third edition, Introduction to Multicultural Counseling for Helping Professionals is updated and revised to reflect the changing landscape of the 21st century. It contains updated statistics on fluid demographics in the U.S., a stronger social-justice perspective throughout the text, and a new chapter on counseling undocumented immigrants. The text is supplemented with online materials, including updated PowerPoint slides with discussion questions and classroom activities, a testbank with new questions for each chapter, and a sample course syllabus, each of which is presented in an updated, more attractive layout.

Case Approach to Counseling and Psychotherapy - Gerald Corey 2009 Bridges the gap between theory and practice, showing how therapy actually works.

Becoming a Multiculturally Competent Counselor - Changming Duan 2015-06-26 Organized around the latest CACREP Standards, Becoming a Multiculturally Competent Counselor by Changming Duan and Chris Brown is a timely book that covers the core concepts, theories, and skills of multicultural and social justice counseling. With a focus on helping readers develop their multicultural professional identities, the authors conceptualize multicultural identity development as the foundation for comprehending the pervasive impact of social privilege and oppression and developing competencies to effectively work with the culturally diverse. Case illustrations, exercises, and an emphasis on reflective practice foster a true understanding and application of concepts. Becoming a Multiculturally
Competent Counselor is part of the SAGE Counseling and Professional Identity Series, which targets specific competencies identified by CACREP (Council for Accreditation of Counseling and Related Educational Programs).

**Multicultural Counseling with Teenage Fathers** - Mark S. Kiselica 1995-08-03 An unplanned pregnancy in adolescence can be a crisis not only for young unmarried mothers, but also for unmarried fathers of the same age group. This landmark volume is the first in-depth, practical guide to counselling teenage fathers. Taking a multicultural perspective, the volume addresses issues that may have a bearing on a young man's adjustment to fatherhood, such as his relationships with his parents, his child, the mother of his child, her parents and his peers.

**Multicultural Issues in Counseling** - Courtland C. Lee 2018-08-24 With an emphasis on direct application to practice, this graduate-level text offers strategies for working with diverse client groups in a variety of settings. Introductory chapters build a foundation for cross-cultural counseling with discussions on current theory, the ongoing pursuit of multicultural competence, and the complexities of intersecting identities. Next, 15 chapters designed to help counselors develop their knowledge about and skills with the following populations are presented: African Americans, American Indians, Arab Americans, Asian and Pacific Islanders, Economically disadvantaged clients, Immigrants, Latinx, LGBTQ clients, Men, Military personnel, Multiracial individuals, Older adults, People with disabilities, White people of European descent, Women. Detailed case studies in this section illustrate real-world perspectives on assessment and treatment for an increased understanding of culturally responsive counseling. The final section of the book focuses on ethics and social justice issues. *Requests for digital versions from the ACA can be found on wiley.com. *To request print copies, please visit the ACA website here. *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org

**Counseling Multiracial Families** - Bea Wehrly 1999-07-16 Multiracial families comprise a rapidly growing population in the United States. This volume addresses this population, so often neglected in the counseling literature. Following an historical overview, the authors: address both the special needs and special strengths of multiracial families; explore the challenges facing interracially married couples; examine social and cultural issues pertinent to parenting multiracial children; and translate results of biracial identity development research into counselling practice.

**Intersections of Multiple Identities** - Miguel E. Gallardo 2011-02-11 Over the past two decades, there has been an increase in the need to prepare and train mental health personnel in working with diverse populations. In order to fully understand individuals from different cultures and ethnic backgrounds, practitioners need to begin to examine, conceptualize, and treat individuals according to the multiple ways in which they identify themselves. The purpose of this casebook is to bridge the gap between the current practice of counseling with the newest theories and research on working with diverse clientele. Each chapter is written by leading experts in the field of multicultural counseling and includes a case presentation with a detailed analysis of each session, a discussion of their theoretical orientation and how they have modified it to provide more culturally appropriate treatment, and an explanation of how their own dimensions of diversity and worldviews enhance or potentially impede treatment. This text is a significant contribution to the evolving area of multicultural counseling and will be a valuable resource to mental health practitioners working with diverse populations.

**Child and Adolescent Counseling Case Studies** - Dr Brenda Jones, PhD 2017-01-15 Includes highly effective creative and expressive interventions. This state-of-the-art collection of 30 real-life cases on counseling children and adolescents emphasizes the developmental, relational, and cultural contexts of working with this population, and incorporates innovative techniques across a wide range of approaches. **Handbook of Multicultural Counseling** - J. Manuel Casas 2016-05-26

Celebrating its 20th anniversary! The most internationally-cited resource in the arena of multicultural counseling, the Handbook of Multicultural Counseling by J. Manuel Casas, Lisa A. Suzuki, Charlene M. Alexander, and Margo A. Jackson is a resource for researchers, educators, practitioners, and students alike. Continuing to emphasize social justice, research, and application, the Fourth Edition of this best-seller features nearly 80 new contributors of diverse backgrounds, orientations, and levels of experience who provide fresh perspectives to every chapter. Completely updated, this classic text includes new chapters on prevailing social issues and covers the latest advances in theory, ethics, measurement, clinical practice, assessment, and more.

**Culture and the Therapeutic Process** - Mark M. Leach 2013-03-01

While there are numerous resources for practitioners on the subject, the ambiguity remains of what actually constitutes effective multicultural counseling and psychotherapy and how it should be incorporated into their sessions. This book addresses the question of how to apply current theories and research with a unique “start-to-finish” approach, examining the role culture plays in each stage of the therapeutic process, from before the clinical intake to termination. Each chapter is devoted to one of these stages and provides practical strategies, techniques, examples, and case studies. The reader will find new ways to consider the influence of culture and expand their own knowledge and skills as a practitioner.

**Developing Multicultural Counseling Competence** - Danica G. Hays 2018

A comprehensive, innovative, evidence-based approach to ensuring multicultural competence in counseling. Designed to help students and new counselors acquire multicultural counseling competence, this book includes self-development opportunities for fostering awareness, knowledge, and the skills necessary for understanding cultural makeup, understanding others of diverse identities and experiences, and engaging in facilitative counseling relationships. Expanding on the features that made the first two editions widely popular, this revision provides a closer look at how to apply the information in practice through an expanded number of case studies and "Voices from the Field" features. The new edition includes additional information on ethics in multicultural counseling and operationalization of the 2015 multicultural and social justice counseling competencies; increases the focus on international and refugee populations and immigration issues; and provides additional coverage on alternative counseling approaches with multicultural competencies. Expanding on the features that made the first two editions widely popular, this revision provides: A closer look at how to apply the information in practice through an expanded number of case studies and "Voices from the Field." Additional information on ethics in multicultural counseling and operationalization of the 2015 multicultural and social justice counseling competencies. Greater attention focused on international and refugee populations and immigration issues. Increased discussion on alternative counseling approaches with multicultural competencies. Updated references and statistics related to theory, research, and practice with multicultural populations. Also available with MyLab
**Ethics in a Multicultural Context**-Sherlon P. Pack-Brown 2003-02-28
Ethics in a Multicultural Context provides strategies for critical decision making in multicultural settings. Utilizing extensive case studies, authors Sherlon P. Pack-Brown and Carmen Braun Williams present a comprehensive exploration of counseling ethics in a cultural context. Examining the implications and consequences of competent multicultural counseling, they present ethical dilemmas arising in face-to-face counseling interactions, supervisory relationships, and educational situations. This book encourages critical thinking rather than passive acceptance. The authors identify culturally troublesome issues, encourage culturally appropriate interpretations of existing ethical guidelines, and promote ethical behavior in multicultural contexts.

**Counseling Across Cultures**-Paul B. Pedersen 2015-01-14
Offering a primary focus on North American cultural and ethnic diversity while addressing global questions and issues, Counseling Across Cultures, Seventh Edition, edited by Paul B. Pederson, Walter J. Lonner, Juris G. Dragns, Joseph E. Trimble, and María R. Scharrón-del Río, draws on the expertise of 48 invited contributors to examine the cultural context of accurate assessment and appropriate interventions in counseling diverse clients. The book’s chapters highlight work with African Americans, Asian Americans, Latinos/as, American Indians, refugees, individuals in marginalized situations, international students, those with widely varying religious beliefs, and many others. Edited by pioneers in multicultural counseling, this volume articulates the positive contributions that can be achieved when multicultural awareness is incorporated into the training of counselors.

**Culture, Psychotherapy, and Counseling**-Lisa Tsoi Hoshmand 2006
Culture, Psychotherapy, and Counseling: Critical and Integrative Perspectives takes a comprehensive approach to culture as it relates to psychological practice. By viewing psychotherapy and counseling as science-based cultural enterprises, this book expands the understanding of culture in terms of the politics of identity, symbolic and practice meanings, moral ontology, and global realities. Editor Lisa Tsoi Hoshmand brings together a diverse group of authors to present different accounts and case examples of their work as practitioners to illustrate the integration of the personal with the professional.

**The Convergence of Race, Ethnicity, and Gender**-Tracy Robinson-Wood 2016-03-01
Students, beginning and seasoned mental health professionals will be better prepared for diversity practice by this accessible, timely, provocative, and critical work, The Convergence of Race, Ethnicity and Gender: Multiple Identities in Counseling, Fifth Edition. Author Tracy Robinson-Wood demonstrates, through both the time honored tradition of storytelling and clinically-focused case studies, the process of patient and therapist transformation. This insightful, practical resource offers behavioral health professionals a nuanced view of diversity beyond race,
culture, and ethnicity to include and interrogate intersectionality among race, culture, gender, sexuality, age, class, nationality, religion, and disability. With a keen focus on quality patient care, this important text aims to help professionals better serve patients across sources of diversity. Readers will recognize their roles and responsibilities as social justice agents of change, while identifying the ways in which dominant cultural beliefs and values furnish and perpetuate clients’ feelings of stuckness and inadequacy, in both the therapeutic alliance and within the larger society. This remarkable text reverses the lifelong commitment of using knowledge and skills as power for good to make a meaningful difference in people’s lives.

Counseling Diverse Clients-Jeanne M. Slattery 2003-10 This text helps future counselors and therapists understand the context in which they practice from and to learn how to evaluate the context their clients are coming from. It moves away from the traditional categorization of clients into one group or another based on race, ethnicity, culture, lifestyle, socioeconomic status or religion. Rather, it helps students learn to practice with others different from themselves by evaluating the context or life circumstances from which their clients come. The book also provides a sound model for understanding and assessing the role that race, ethnicity, culture, lifestyle, disability and religion play in the client’s life, and it gives concrete practice implications and skills.

Decolonizing “Multicultural” Counseling through Social Justice-Rachael D. Goodman 2014-11-03 Multicultural counseling and psychology evolved as a response to the Eurocentrism prevalent in the Western healing professions and has been used to challenge the Eurocentric, patriarchal, and heteronormative constructs commonly embedded in counseling and psychology. Ironically, some of the practices and paradigms commonly associated with “multiculturalism” reinforce the very hegemonic practices and paradigms that multicultural counseling and psychology approaches were created to correct. In Decolonizing "Multicultural" Counseling through Social Justice, counseling and psychology scholars and practitioners examine this paradox through a social justice lens by questioning and challenging the infrastructure of dominance in society, as well as by challenging ourselves as practitioners, scholars, and activists to rethink our commitments. The authors analyze the ways well-meaning clinicians might marginalize clients and contribute to structural inequities despite multicultural or cross-cultural training, and offer new frameworks and skills to replace the essentializing and stereotyping practices that are widespread in the field. By addressing the power imbalances embedded in key areas of multicultural theory and practice, contributors present innovative methods for revising research paradigms, professional education, and hands-on practice to reflect a commitment to equity and social justice. Together, the chapters in this book model transformative practice in the clinic, the schools, the community, and the discipline. Among the topics covered: Rethinking racial identity development models. Queering multicultural competence in counseling. Developing a liberatory approach to trauma counseling. Decolonizing psychological practice in the context of poverty. Utilizing indigenous paradigms in counseling research. Addressing racism through intersectionality. A mind-opening text for multicultural counseling and psychology courses as well as other foundational courses in counseling and psychology education, Decolonizing "Multicultural" Counseling through Social Justice challenges us to let go of simplistic approaches, however well-intended, and to embrace a more transformative approach to counseling and psychology practice and scholarship.

Cultural Humility-Joshua N. Hook 2017 This book offers a clear, easily adaptable model for understanding and working with cultural differences in therapy.
