The Meaning of It All—Richard P. Feynman 2009-04-29 Many appreciate Richard P. Feynman’s contributions to twentieth-century physics, but few realize how engaged he was with life’s meaning and thoughtfully he considered the religious, political, and social issues of his day. Now, a wonderful book—based on a previously unpublished, three-part public lecture he gave at the University of Washington in 1963—shows us this other side of Feynman, as he expounds on the inherent conflict between science and religion, people’s distrust of politicians, and our universal fascination with flying saucers, faith healing, and mental telepathy. Here we see Feynman in top form: nearly bursting into a Navajo war chant, then pressing for an overhaul of the English language (if you want to know why Johnny can’t read, just look at the spelling of “Friend”); and, finally, ruminating on the death of his first wife from tuberculosis. This is quintessential Feynman—reflective, amusing, and ever enlightening.

Theater of the World—Julie Paulson 2019-04-30 In Theater of the World: Selfhood in the English Morality Play, Julie Paulson sheds new light on medieval constructions of the self as they emerge from within a deeply sacramental culture. The book examines the medieval morality play, a genre that explicitly addresses the question of what it means to be human and takes up the ritual traditions of confession and penance, long associated with medieval interiority, as its primary subjects. The morality play is allegorical drama, a “theater of the word,” that follows a penitential progression in which an everyman figure falls into sin and is eventually redeemed through penitential ritual. Writing during an era of reform when the ritual life of the medieval Church was under scrutiny, the morality plays as a whole insist upon a self that is first and foremost performed—constructed, articulated, and known through ritual and other communal performances that were interwoven into the fabric of medieval life. This fascinating look at the genre of the morality play will be of keen interest to scholars of medieval drama and to those interested in late medieval culture, sacramentalism, penance and confession, the history of the self, and theater and performance.

Things Fall Apart—Chinua Achebe 2013-04-25 One of the BBC’s ‘100 Novels That Shaped Our World’ A worldwide bestseller and the first part of Achebe’s African Trilogy, Things Fall Apart is the compelling story of one man’s battle to protect his community against the forces of change. Okonkwo is the greatest wrestler and warrior alive, and his fame spreads throughout West Africa like a bush-fire in the harnattan. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. First published in 1958, Chinua Achebe’s stark, coolly ironic novel reshaped both African and world literature, and has sold over ten million copies in forty-five languages. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe’s landmark trilogy of works chronicling the fate of one African community, continued in Arrow of God and No Longer at Ease. ‘His courage and generosity are made manifest in the work’ Toni Morrison ‘The writer in whose company the prison walls fell down’ Nelson Mandela ‘A great book, that bespeaks a great, brave, kind, human spirit’ John Updike With an Introduction by Biny Bunde.

Elite and Everyman—Amrita Baviskar 2020-11-30 This book examines the middle classes — who they are and what they do — and their influence in shaping contemporary cultural politics in India. Describing the historical emergence of these classes, from the colonial period to contemporary times, it shows how the middle classes have changed, with older groups shifting out and new entrants taking place, thereby transforming the character and meanings of the category. The essays in this volume observe multiple sites of social action (workplaces and homes, schools and streets, cinema and sex surveys, temples and tourist hotels) to delineate the lives of the middle classes and show how middle-class definitions and desires articulate hegemonic notions of the normal and the normative.

Dispatches—Michael Herr 2011-11-30 ‘The best book to have been written about the Vietnam War’ (The New York Times Book Review); an instant classic straight from the front lines. From its terrifying opening pages to its final eloquent words, Dispatches makes us see, in unforgettable and unflinching detail, the chaos and fervor of the war and the surreal insanity of life in that singular combat zone. Michael Herr’s unsparring, unorthodox retellings of the day-to-day events in Vietnam take on the force of poetry, rendering clarity from one of the most incomprehensible and nightmarish events of our time. Dispatches is among the most blistering and compassionate accounts of war in our literature.
